COVID Discussion: Ongoing impact of COVID and reopening CFS activities

- Mark: CFS needs to develop re-entry protocol
- Anne: Any CFS policy must adhere to COVID policies of the hosting venue.
- Bill: Board could develop a set of reopening criteria:
  - Align with CDC & state guidelines
  - Activity groups could adapt these for specific activity requirements.
  - Research what other groups have developed (CDSS)
  - Start with the science & modify/ revise
  - Other groups: Eugene, Portland are also considering how to re-open.
  - Review information from other groups, after drafting our own policy
- Following state guidelines does not imply no one will get sick, only that the number of sick people would not overwhelm the medical system; i.e. spread will be controlled.
- Chere: All events operate within degrees of certainty, not absolute
- Dick: There will be folks who will not go to any kind of indoor events
- Jason: Vax vs. Non-Vax?
  - Contra Committee decided proof of vax will be required.
  - Will need to appoint a person to check each person/ card.
  - Check HIPPA rules: not allowed to keep electronic facsimiles on file;
  - Groups need to create own-record system in compliance with HIPPA regulations
  - Honor system would be nice, but not enforceable. We should look at the bigger picture. Also consider the societal & cultural impact of our decisions.
- Chere: Are we liable if someone contracts COVID; should every participant sign a waiver?

  Are there State guidelines for liability?
- Dick: Groups could survey participants re: comfort with different levels; could answer Q of who would not come?
- Denis: Hoolyehs are considering a hybrid approach: e.g. host one live dance each

month with zoom dances on other weeks. Goal= maintain participation by new people who cannot go to live dances

- Jennifer: is pursuing the vax card issue for Contra group.
  - May hold dance in October; possible local band (Bo & Shari)
- Dick: Whiteside is starting to book performers
- Chere: is working with 1st Presby for McCutcheon concert in October; (note example of activity specific rule re sing-alongs: if sing aloud, must wear a mask or hum!)
- Kurt: a formal set of CFS guidelines for venues will foster trust & facilitate access

#### **ACTION:**

- Board approved forming a subcommittee on re-opening with goals to:
  - Pull together all official guidelines
  - Develop CFS criteria, including a requirement for weekly review/ revise: Jason, Denis & Bill
  - Receive venue policy information from individual activity group leaders
